

Home Care Packages

Sometimes as you get older, you might find that you need a little more support day to day.

Government-funded Home Care Packages are designed to help you live at home and continue doing the things that make you happy.

VMCH is a fully accredited provider and we're known for our high standards across everything that we do. Most importantly, we tailor services to suit each individual and we support people from culturally and linguistically diverse backgrounds.

How do I get a Home Care Package?

The first step is to get in touch with us and we'll let you know if you're eligible.

From there we'll help you with the My Aged Care registration process and provide you with information and advice. If you already have a Home Care Package, we can support you to transfer your package to VMCH.

In the meantime, we can organise entry-level support prior to the commencement of your package. We can also help you with privately funded services.

What services can I arrange?

While the government does set some restrictions, we're here to do whatever we can to support your needs including:

- Personal care
- Domestic assistance and household tasks
- Home and garden maintenance
- Healthy eating and meal preparation
- Podiatry, physio, massage and other therapies
- Respite, social activities and transport.

Why we're different

You may have been in contact with My Aged Care and followed their recommendation to contact several providers. We're glad you're considering us.

VMCH has been around for a long time and we like to think of ourselves as experts at what we do. When you choose VMCH, you're choosing a reputable, Catholic, for-purpose provider of quality care and services.

Our focus is on providing the very best in customer care and quality services so that you have less to worry about. Our customer team know how to navigate the complex aged care system and we walk you through it every step of the way.

Case management

As part of your Home Care Package, you will have access to a VMCH case manager. Naturally, our Case Managers are knowledgeable and can support you to get the most out of your Home Care Package, but what makes them special is their client-focused approach. We offer ongoing service, regular contact via phone and face-to-face visits. We also regularly review your services to make sure your needs and goals are being met.

What does it cost?

The good news is that you will receive government funding for your services. The Federal Government may require you to contribute toward your Home Care Package by way of an income tested care fee. Please refer to our fee schedule for further information.

Now that I'm older, I need a little more help at home.

About us

Here at VMCH, our services are as diverse as the people we support.

Our values underpin the work we do. As a Catholic organisation, compassion, respect and inclusion aren't just words to us, they guide us in everything we do.

While we've been around for over a century, we're always moving forward. We stay true to who we are by supporting people and families to live their best lives, providing a place to call home and spaces to learn and grow.

Our professional and compassionate teams are with you on your life journey. We provide a wide range of support from early learning and therapy, specialist education, disability services, affordable homes, residential aged care, retirement living and at-home aged care.
